

THEETHESHWARAN D

Software Developer | Full Stack / Web Developer (JavaScript, HTML5, CSS3)

Tamil Nadu, India | 9655733917 | theethesh3103@gmail.com | linkedin.com/in/theethesh-d-74a8173a9 | github.com/theethesh

PROFESSIONAL SUMMARY

Entry-level Software Developer with 6 months of hands-on internship experience building web applications using JavaScript (ES6+), HTML5, and CSS3, along with React.js and Node.js/Express.js. Skilled in DOM manipulation, CSS selectors, asynchronous JavaScript (Promises, Async/Await, Fetch/Axios), and REST API development, integration, and testing using Postman. Experienced with Git/GitHub for version control and collaborative development. Comfortable working across the stack, debugging issues, and quickly picking up new languages and frameworks such as PHP and jQuery as needed on the job.

TECHNICAL SKILLS

Core Web: HTML5, CSS3, HTML DOM, CSS Selectors, Responsive Web Design, Tailwind CSS, Bootstrap

JavaScript: JavaScript (ES6+), Asynchronous JavaScript (Promises, Async/Await), DOM Manipulation, Fetch API, Axios

APIs: REST API Development & Integration, REST API Testing, Postman, JWT Authentication

Frameworks/Libraries: React.js, Next.js, Redux/Redux Toolkit, Node.js, Express.js

Databases: MongoDB, Mongoose (NoSQL), MySQL, SQL

Tools & Deployment: Git, GitHub, VS Code, Vite, Vercel, Render

Practices: Debugging & Troubleshooting, Agile Development, Cross-Browser Testing

PROFESSIONAL EXPERIENCE

MERN Stack Developer Intern — WHY Global Services

6 Months

- Built responsive web interfaces using **HTML5, CSS3, and JavaScript (ES6+)**, applying **DOM manipulation** and **CSS selectors** to create dynamic, interactive React.js components.
- Wrote **asynchronous JavaScript** (Promises, Async/Await) to handle API calls with **Axios** and manage data flow between frontend and backend.
- Developed and integrated **REST APIs** with **Node.js and Express.js**, and performed **REST API testing** and validation using **Postman**.
- Implemented **JWT authentication** and role-based access control to secure API endpoints and protect user sessions.
- Debugged and troubleshooted issues across frontend and backend, ensuring cross-browser compatibility and responsive behavior.
- Used **Git and GitHub** for version control, branching, and collaborative code reviews within an Agile team.

PROJECT — FULL-STACK E-COMMERCE WEB APPLICATION

HTML5 | CSS3 | JavaScript (ES6+) | React.js | Next.js | Node.js | Express.js | MongoDB | REST APIs | Axios | Postman | Git/GitHub

- Built a responsive **HTML5/CSS3/JavaScript** frontend with React.js/Next.js, including dynamic product listing, cart, and checkout pages using DOM-driven UI updates.
- Used **asynchronous JavaScript** and Axios to fetch and update data from **REST APIs** without page reloads, improving user experience.
- Designed and tested **REST APIs** for product, cart, and order management with **Postman**, backed by MongoDB/Mongoose.
- Managed source control with **Git/GitHub** and deployed the application using Vercel and Render.

ADDITIONAL EXPERIENCE

Production Department — PHA Pvt. Ltd.

2024 – 2025

- Worked in a deadline-driven production environment, building discipline, teamwork, and time-management skills applied to software delivery.

EDUCATION & CERTIFICATIONS

Education: Bachelor of Business Administration (BBA) — EGS Pillay Arts and Science College, Nagapattinam

Certifications: Full Stack Web Development; Python — Core Programming Concepts
